

Through our relationship with the Chamber, its staff and membership, we have clearly seen the impact of their role in advocating business in the community. As the lead “business connector” in the local market, the Sarnia Lambton Chamber of Commerce has allowed us the opportunity to interface with many members of its large, diverse and growing membership base. TD Canada Trust has benefited not only by supporting events but also by having TD Canada Trust staff participate in the many committees established by the Chamber to facilitate economic development locally. We are proud to partner with the fastest growing Chamber in Ontario.

“We had been hesitant to join the Chamber of Commerce not knowing what real benefits we would see from joining. We have connected with other area businesses and charities which have resulted in new contracts, friendships and growth in our company. It's been good for me to connect with other business owners that have been through similar experiences. I whole-heartedly encourage you to consider joining the Sarnia-Lambton Chamber of Commerce and to get involved, it's worth every penny and minute you invest in it.”
